CLASS A—PARADE

“FIREWORK”

Arranger: Michael Story

“Firework” was first released by Katy Perry on her third solo album, *Teenage Dream* in 2010. Perry co-wrote the song with Ester Dean.

The song is a dance-pop self-empowerment anthem influenced by Jack Kerouac’s novel, *On the Road*.

Let the Adrian-Ellsworth Marching Dragons take you on the road to self-empowerment.
